Dave, thanks for providing us with the example PowerPoint formats. As you can see, Jeryl's out most of this week and I'll be out next week, but these will be handy in preparing slides for the public meeting.

Jeryl, Jeff,

Hopefully you don't feel too inundated with options, but here's a more developed possible format for OU updates.

This one includes a version of the planning timeline we've been sharing in our EPA/NDEP/BLM calls ... I think you weren't necessarily in favor of sharing at the community meeting ... but here it is anyway for you to consider ... to see how it looks on the page.

Obviously all materials are draft at this point.

Would be happy to consider any comments or other options you may want to put in play.

Thanks,

David A. Seter, P.E.
